

Back-to-Back Winners - 16th Radio Drama Competition

Winners again! St. Peter's has again won the Grand Champion at this year's 16th English Radio Drama Competition! It was held on 25th May in Tsang Chan Sik Yue Auditorium at Hong Kong Baptist University. This victory builds on the success of last year.

Despite fierce competition from other schools, we rose to the occasion! Our students were able to impress the judges in the areas of content, articulation, expressiveness, voice projection, and teamwork and cooperation. Besides the Grand Champion, our team also won the Best Script Award, Most Popular Performance Award, and Wang Tunan from 5D earned the Best Performer Award among all the participants. Last but not least, because of the support of the St. Peter's community, we were able to take home the Most Popular Performance Award as well. Among 58 schools, our school received the most votes. What an incredible achievement!

This invaluable experience will no doubt propel the students into more success in the future!
