

English Debating Team Wins 1st Runner-up in UNSDGs Debating Competition 2024/25

Our school's English Debating Team won the first runner-up in the grand final of UNSDGs Debating Competition 2024/25 (Group Senior 1A). Our first speaker, Tanner Wang received the Best Speaker Award. Congratulations to the team!

The final match took place on 21st May at City University of Hong Kong. Our school argued for the motion that 'AI is good for sustainable development'. Demonstrating remarkable passion and commitment, all the participating debaters meticulously researched the motion and collaboratively developed their team's lines and arguments over the course of the competition.

Our debating team invested considerable time and effort over many months. Their dedication truly paid off. Moving forward, the English Debating Team is determined to keep refining their skills and confidently take on new challenges.
